Your Guide to TSM's

Tenant Satisfaction Measures (TSM's) were introduced by the Regulator of Social Housing in 2023.

They are a set of measures that have been introduced to help you understand how we're performing.

In total there are 22 measures that cover customer satisfaction with things like repairs, complaints handling, quality and standard of your home and how well you feel listened to.

We collect information for these measures by asking you for feedback via telephone surveys which happen every month. Your feedback is then used to help shape and improve our service to you.
